Re: Statement of Charges and TLAFs

Dear Dermot,

I am writing to you regarding EirGrid's submission of the Statement of Charges for use of the transmission system from 1st January to 31st December 2007, as well as the proposed TLAFs to be applied from 1st January 2007 to 31st October 2007.

Following a period of consultation, on 10th October 2006 the Commission issued the final determination of allowed revenues and Transmission Use of System Tariffs for the transmission business for 2007.

The charges included in the Statement of Charges have been derived by EirGrid in accordance with the revenues and tariffs allowed by the Commission in this final determination. Accordingly the Commission hereby approves the Statement of Charges, pursuant to Section 36 of the Electricity Regulation Act, 1999.

The Commission also agrees to the application of the revised TLAFs from 1st January 2007 to 31st October 2007, which have been calculated using the methodology employed in previous years with a flat wind series of 35% being assumed for the purposes of dispatch, as proposed by EirGrid in its correspondence to the Commission on 20th October 2006.

Yours sincerely,

Michael G. Tutty
Commissioner
