## Re. Statement of Charges

Dear Dermot,

I am writing to you regarding EirGrid's submission on 25<sup>th</sup> October of the Statement of Charges for use of the transmission system, applicable from 1<sup>st</sup> November 2007 to 30<sup>th</sup> September 2008.

Following a period of consultation, on 19<sup>th</sup> October the Commission published its determination of the allowed transmission revenue for 2008 and associated tariffs.

The tariffs included in the Statement of Charges have been derived by EirGrid in accordance with the revenue and tariffs allowed by the Commission in this determination. Accordingly the Commission hereby approves the Statement of Charges, pursuant to Section 36 of the Electricity Regulation Act, 1999.

This Statement may need to be subsequently amended following the introduction of all-island transmission use of system tariffs for generators in 2008.

Yours sincerely,

Michael G. Tutty  
Commissioner
