Re: CER Consultation – East West Interconnector: Connection to the Irish Grid

EirGrid welcomes the opportunity to respond to this consultation.

EirGrid welcomes the fact that the Commission is minded to issue EirGrid with a direction to reserve the required transmission capacity for the interconnector.

The selection of Woodland as the Irish grid point is a key part of route selection and a critical step in the delivery of the interconnector project.

Yours sincerely,

John Fitzgerald

EirGrid Project Manager
East West Interconnector Project
