

Hi Jamie.

My name is Suzanne Broderick, Production Planner for Conocophillips Whitegate Refinery in Co. Cork. We have been forwarded the attached consultation document regarding the reinstatement and increases to PSO charges for later this year. We would like to submit a response to recognise that business cannot sustain an increase in pass through costs given the huge increase in the overall commodity prices. I'm sure this sentiment is shared with many of the users in Ireland. Please let me know if I can assist in the forward negotiations of this proposal. Thanks for your time.

Regards,

Suzanne Broderick

Production Planning Lead
