

Transmission Deep Reinforcements Pre-Gate 3 (non-firm)

Presentation to Gate 3 Liaison Group
Tuesday 23rd March

Proposal

- Plan is to align Pre-Gate 3 communications with Gate 3 process
- Intention is to issue individual written communication to all Pre-Gate 3 projects by June 2010 (tbc)
- Annually thereafter
- Associated deep reinforcements per project
 - With Capital Approval
 - Awaiting Capital Approval
 - Presently under study
 - Associated dates

Next steps

- Establish mechanism for linking the communication with Connection Agreements (Supplementary Agreements, Modifications etc?)
- Processes and resources
- Collate and validate data (work-in-progress)
- Schedule the communications
- Longer term: possible IT solution for communication of Transmission Deep Reinforcements update annually
