

# Generator TUoS and Phasing Projects Liaison Group Aug 28<sup>th</sup> 2012

# Background

1. GTUoS contract is captured in Connection Agreement for TSO Connection Customers
2. Connection Agreement based on Maximum Export Capacity
3. SEM-11-078 TUoS based on MEC

# Issue

1. A small number of transmission customers paid TUoS on current exported capacity versus MEC as they are phasing their project
2. Their connection agreements do not reflect the phasing arrangements

# Options

1. Customer pays GTUoS from 1<sup>st</sup> October on MEC as per connection agreement
2. Customer modify their agreements to reflect phasing arrangement including dates for connection

# Next Steps

## 1. Communications

1. This forum
2. Directly with TSO projects
3. DSO updated

## 2. TSO amnesty

1. Past GTUoS not charged
2. Customers can apply to amend their Connection Agreements until Oct 31<sup>st</sup> by following usual modification process.
3. Customers will have to accept revised offers within 50 business days or TUoS will be backdated
4. 2 year maximum period for remaining phases

## 3. GTUoS based on MEC kicks in from 1<sup>st</sup> October for non phasing

## 4. Future cases covered by COPP ruleset
