

# Impact of EWIC on Electricity Market

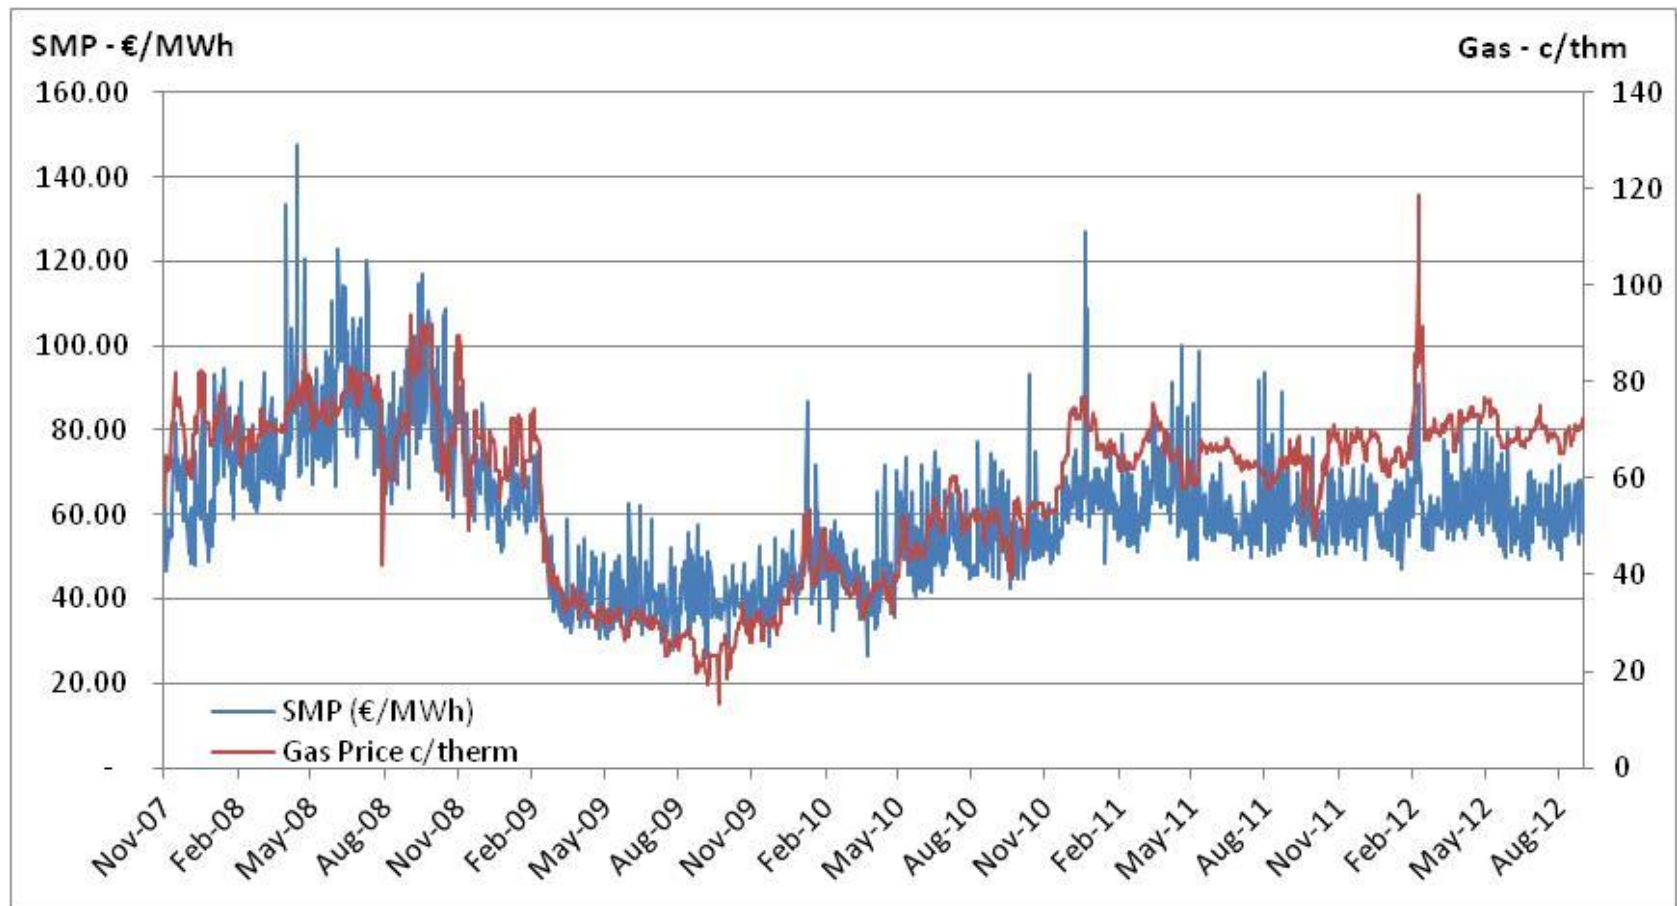

*Andrew Ebrill, CER*

July 2013

# Rol's Generation Fuel Mix 2011

- Wholesale price, SMP, is circa 50% of overall elec price
- SMP is based on cheapest gens to meet all-island demand, follows gas price given gas accounts for c. 60% of generation

## Benefits of EWIC:

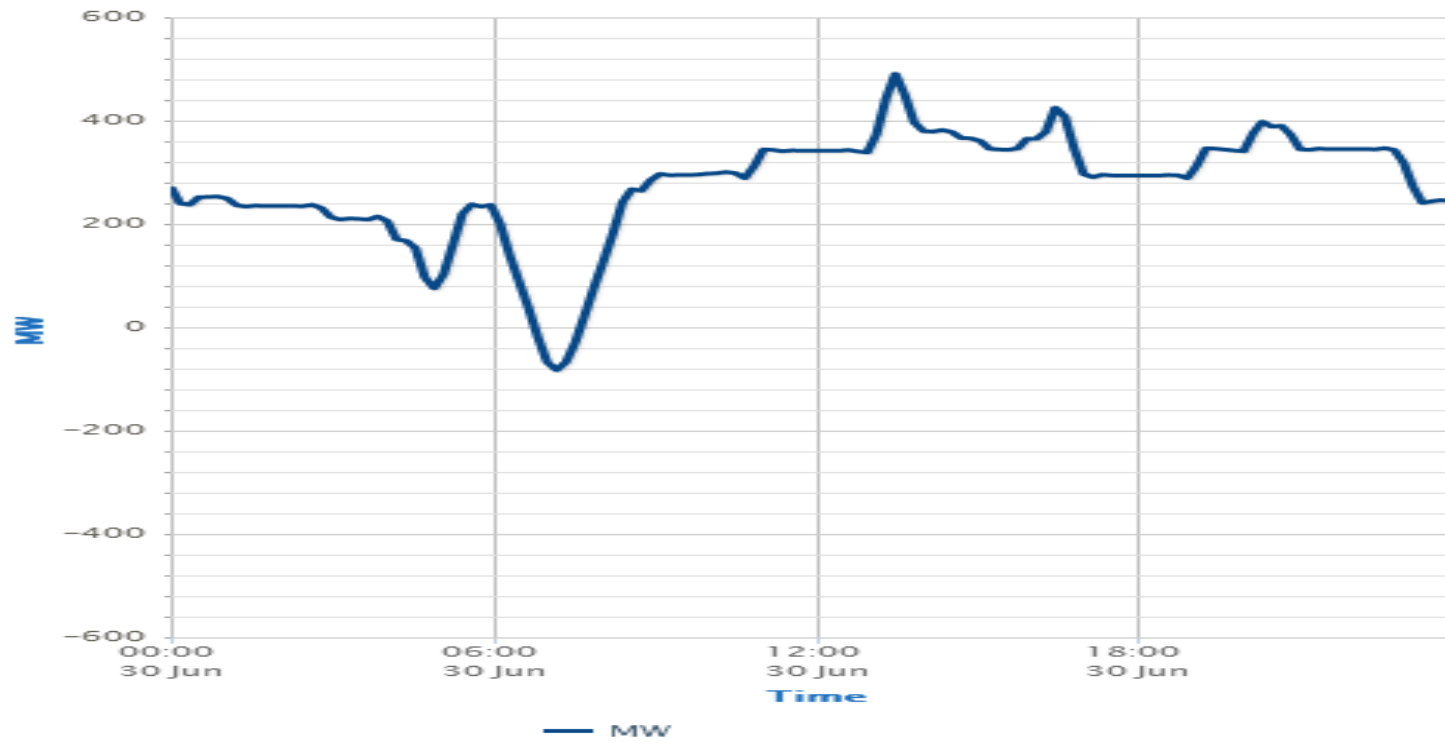

- Security of supply
- X-border trade and lower SMP when  $SMP > BETTA$  wholesale price
- Renewables
