Subject: gas increase2013

Dear sir

As a pensioner trying to survive in the present economic climate of new and increasing charges by the government and reduced income levels, I would like to strongly object to any further increase being granted to Bord Gais. Only last year they received an increase of 8% and are now looking for almost the same again. Unfortunately the people are not in a position to pass their increases down the line they can only suffer the hardships and hardships there will be. I urge you in making your decision to consider the thousands of people who are already in financial dire straits and cannot take further pressure.

I remain yours sincerely,
John Healy.
