General comments on proposed charges.

General comments on proposed charges.

Water allowance for children should be at least 30m<sup>3</sup> /year per child for basic H&S etc. and this should also apply to over 18 year olds who are in full time education.

A small standing charge of approx. €50/year should apply and the unit rate charged should be reduced to say €1.50/m<sup>3</sup>.

Leaks should be identified and fixed on service pipes by Irish Water before meter charges apply.

Each customer should be allowed 1 free call out per year for say poor pressure/Dirty water etc.

Local Authority water staff should be granted a small free allowance in line with e.g. ESB.

Regards,
