Water quality

To whom it may concern.

I am writing in connection with the water supply in our area.

We have been paying water charges for a number of years so please note that is not what this email is about.

We are constantly having to replace kettles, shower heads and irons.

We constantly have to treat the washing machine and dishwasher

There are 3 issues we would like looked at:

We believe that the lime in our area is up to 500 ppm The pipes in our area are the old asbestos pipes, There is no working fire hydrant in our area.
