## Gate 3 Modification Offers Issued 2013

## Gate 3 Modification Offers In Progress (4.2.14)

- Modifications should be signalled / applied for in a timely manner as delays in progressing group connections can result
- Written consent from all sub-group members must be obtained and provided with the initial modification application, where a change to the shared connection assets may result.
- Amendments to modifications already in progress will result in a time delay, and may require additional modification fee to be levied.
