### TSO Offers (Including Modification Requests)

### Non GPA Update:

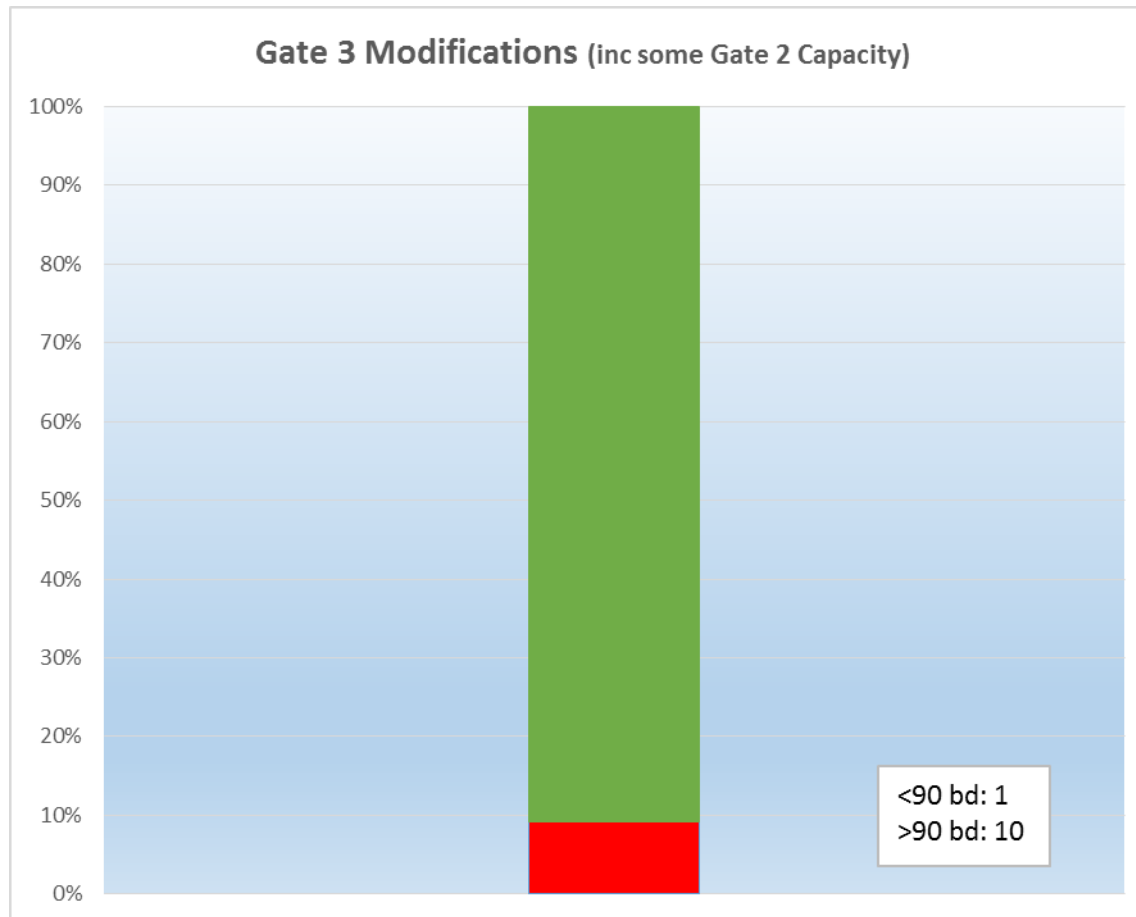

18 transmission solar non-GPA applications (1125MW) have been deemed eligible for offer processing and are currently being processed by the TSO all of which are expected to receive Transmission Connection Offers by Q1 2018. 3 projects eligible to receive transmission connection offers elected not to pay the balance of the application fee and are not progressing. 4 projects (177MW) are going through application checks at present. A further 2 projects (90MW) have been deemed eligible to receive a transmission offer and the TSO is awaiting the balance of fees in order to begin processing.
